## **Signed Limited Edition Prints**

Some of my images are also available for purchase as limited edition prints. My limited edition collection is mostly Australian and New Zealand landscapes taken with a medium format digital camera, high-end lenses and equipment for exceptional image quality with extra-sharp, super-high-resolution. For my prints I use the Stylus Pro 3800. This printer is based around Epson's Ultrachrome K3 ink set with state-of-the-art pigment inks, offering a wide gamut and excellent light fastness.

Let me know what photographs you require, at what size you want to print and whether you want it framed or not and I will give you a quote for different papers and framing options.
